ENTIRE STATE IS TO USE EASTERN TIME

APPROVED BY THE ASSEMBLY MEASURE NOW UP TO DONAHEY

The New Official Time Will Prevail in Every Portion of Ohio, with the Exception of Zones Fixed by the Interstate Commerce Commission, as Central Time.

Eastern Standard time will prevail as the official time in every portion of the state of Ohio, as a result of the passage, Thursday afternoon, of the Garver-Abele bill by the house of representatives, if the governor approves. The measure was approved by a vote of 84 to 34. It has been passed by the senate and now goes to the governor for action.

The bill will do away with the division of Eastern and Central standard times and puts the entire state in the Eastern zone, so far as official time is concerned. The bill will not, however, affect railroad time where Central standard is now fixed as the official railroad time by the interstate commerce commission. Unless the commission makes this change the railroads in the old Central zone will remain on that time, since the state cannot pass legislation affecting interstate commerce.

At present more than two-thirds of the state is on Eastern standard time and representatives of the small portion that remained in the Central zone were eager to see the bill passed, with the exception of a few farmers.

COMMERCIAL PROHIBITION ENFORCEMENT

Federal Judge Killits of Toledo Scores the System Now in Ohio.

The prohibition situation in Ohio was described as "commercialized liquor law enforcement" and "disgraceful" by Federal Judge John M. Killits late Thursday when a jury in federal court convicted Arthur Hecker, former Lindale marshal and R. J. Robertson, his aid of extortion and impersonating federal officers of Cleveland.

Judge Killits also criticized Ohio legislators for not taking action to remedy the situation.

"I congratulate the jury on finding these two men guilty," Judge Killits said. "Ohio, one of the greatest states in the Union is the only state which has permitted commercialization of liquor law enforcement to such an extent that men like these two defendants can go into homes and places of business and practice extortion."

"It is a disgrace to our state that members of the legislature have taken no action at this sitting to remedy existing conditions," he concluded.

Hecker and Robertson were found guilty on separate indictments charging impersonation of federal officers and a joint indictment charging impersonating and extortion.

Specifically, it was testified that Hecker extorted \$1500 from Benjamin Schwartz and \$500 from S. S. Levy.

Hecker pleaded physical disability and the case of the two was deferred until the next session of the court.

SIMPLIFYING SYSTEM OF ELECTIONS

Provision for appointment of a joint legislative committee of three senate and three house members to study the election laws of this and other states with a view to codification and changing for the purpose of simplification, the whole system of elections in the state was made Thursday by the house passing the joint resolution of Senator Chappellear of this county. The committee is given \$5000 to pay its expense and is required to report its recommendations by January 1, 1927.

CONGO TRIBE INITIATE CLASS ADOPTION DEGREE

Adelphia Band Cornplanters and Deerfoot Tribes Parade the Streets.

Congo Tribe, Independent Order of Redmen had a gala celebration Thursday evening at their wigwam at Memorial hall.

Cornplanter tribe of Adelphi accompanied by their fine band came up one hundred strong. They made the welkin ring with their music.

The band headed by Great Sachem L. E. Miller, marched thru the business section of the city to the hall where a class of pale faces were given the Adoption degree.

A number of visitors from the Deerfoot tribe of Columbus were also present. A banquet was given following the initiation.

\$95,000 GIVEN TO LORAIN.

Columbus, March 27—The state has decided to give Lorain \$95,000 with which to rehabilitate its storm torn areas. Governor Donahey today signed the bill by Senator Comings, of Lorain, appropriating this amount from the general coffers.

As submitted originally the measure called for an appropriation of \$300,000. This amount was slashed by the finance committee of both branches of the general assembly.

Pigeons as Telephones

With every outgoing tourist car that invades the little-known parts of the National park around the Grand Canyon of Colorado now go a pair of homing pigeons. They are the only feasible means of communication in an emergency, for there is no telephone or telegraph service in that part of the country.

DEATH CALLS OUR NEIGHBOR MISS REA BROWN

After an Illness of Six Months Multiple Sclerosis Caused Her Demise.

Miss Rea Brown died at her home, 114 1/2 West Main street, Thursday evening at six o'clock. She had been ill three years. Her death was due to multiple sclerosis.

The deceased was born at Sharon, Noble county, February 28, 1863. She was the daughter of Asaph and Hannah Jane Flowers Brown.

Two brothers and two sisters survive. They are: Pearl, widow of F. L. Page, of Denver, Colorado; Minnie, wife of Wellington C. Morris of this city; C. A. Brown of Columbus, and C. O. Brown, of Caldwell.

The deceased was a member of the Methodist church of Caldwell.

Miss Brown's brother-in-law, F. L. Page, of Denver, Colorado died March 25, of peritonitis. His funeral was held today.

Miss Brown came to this city from Columbus some twenty-five years ago and opened a millinery store in the Smith block on West Main street for the late John P. Given. Shortly after coming here she purchased and conducted the business on her own account. About fifteen years ago she bought the building in which she died of the Cox Brothers, of Lancaster and moved her millinery and corset store to the second floor; she also rented furnished rooms. Several years ago owing to ill health she disposed of her millinery stock.

We have lived and known the deceased for nearly a quarter of a century. Her mother died early, leaving a number of minor children. Miss Brown became a mother to her younger sisters and brothers and looked after their interests and welfare. They grew up and became useful members of the community in which they lived. She also had the care of her venerable father in his declining years, and gave up the greater part of her time and life in looking after his every want. Her life was a sacrifice for those she loved and in the days that come when mother earth wraps herself around her form, her going will not be forgotten by the members of her family or by those who knew her worth in this life. She was a woman with a noble character.

The remains will be taken to Caldwell Friday and funeral will be held Sunday.

—William J. Robison, who has been confined to his home on East Mound street the past two weeks with grip is somewhat improved.

THE BANKERS OF JACKSON LOSE TO C.A.C.

By the Score of 50 to 23, Fine Basket Shooting, Good Passing and Floorwork.

Displaying some of the best passing floor work and basket shooting seen this year the C. A. C. quintet swamped the Jackson Bankers by a score of 50 to 23.

Altho the score is decidedly one sided the game was an interesting one and kept the fans on edge every minute.

The Bankers scored the first point on a free throw but their lead was short lived. The C. A. C. boys started when Gattrel bucketed the first field goal of the game and from that time on the club boys could not be stopped. They were out to make it a grand finale and did just that thing.

Bobby Palm playing Steele's forward position was the sensation of the game. He not only played a wonderful defensive game but also registered eight field goals for sixteen points being high point man for the game, but had Eddie Mason tramping on his heels with fifteen points and Gattrel running a close third with ten points. The other members of the team also did their part both on the defensive and in point scoring and deserve honorable mention.

For the visitors H. Wicks at center played a wonderful game even tho he was handicapped by an injured ankle sustained in the last minute of the first half. Jenkins playing a guard for the visitors also showed up well.

The club and the team desire at this time to express their appreciation of the loyal support of their patrons thru-out this the most successful season experienced in the last four years.

The score:—

C. A. C.	G.	F.
R. F. Gattrel	5	0

REFEREE IN BANKRUPTCY GOES TO JAIL

Robert Greer, referee of the Knox Tire and Rubber Co., Mt. Vernon, and widely known attorney was sentenced to six months in the Knox county jail and fined \$500 by Judge Hickenlooper Thursday in federal court. He pleaded guilty to a charge of misapplication of funds of the company while acting as referee in bankruptcy.

Trial of Paul M. Ashbaugh, trustee of the company, was continued until May 4, to give him time to produce evidence he says will refute one of the counts of the indictment.

Greer was given permission to surrender himself to U. S. Marshal Borthwick, at Mt. Vernon Friday, instead of being taken into custody at once.

MOUNTAIN

Seized With Wanderlust, Shifts 100 Yards In Two Days.

Meeker, Colo., March 25.—U. P.)—"Moving mountain," a 2,000 foot peak, has been seized with the wanderlust and in two days has traveled 100 yards.

The shifting of the mountain has completely obliterated portions of the main highway into Meeker and in others hummocks from 3 to 5 feet high, to swell up in the middle of the road.

The action of the slopes of the peak resemble the waves of the sea. Geologists account for the phenomenon by the fact that the mountain rests upon a clay strata which has become softened by spring rains.

Meeker is partly isolated as a result of the latest prank of the mountain. Vehicle travel by the moving mountain road is impossible.

SIXTH INTERNATIONAL

Neo-Malthusian and Birth Control Conference Will Convene In New York Tomorrow.

New York, March 25.—With eminent physicians, eugenists, economists, and sociologists largely predominating among the delegates and speakers, the Sixth International Neo-Malthusian and Birth Control Conference will convene at the Hotel McAlpin in this city tomorrow morning. Police interference which broke up the public meeting in the Town Hall during the First American Birth Control Conference in November, 1921, is not expected to figure in the present conference, according to Margaret Sanger, president of the American Birth Control League, who declares that the movement has definitely emerged from the atmosphere of "radicalism" which characterized its early days. Among the foreign delegates, representing England, France, Germany, Austria, Sweden, Holland, Russia, Japan and Mexico, are many names distinguished in the sciences and in public affairs.

"The movement dates its beginnings in this country from the publication in 1825 of Robert Owen's 'Moral Physiology,'" said Mrs. Sanger. "So America has now had a hundred years of birth control agitation. Yet we are today the only country in the world except post-war France where the dissemination of birth control information is illegal. Nevertheless, the whole complexion of the situation has changed in recent years. And it is the women who have changed it—the millions of sick and impoverished mothers who are demanding that their physicians furnish them with information that will enable them to have no more children than they are physically able to bear or financially able to support."

"In the end, probably, it will be the enlightened physicians, backed Knopf and the Countess Catherine Karolyi, wife of the ex-premier of Hungary.

Old Cross-Word Puzzle

For many years archeologists have been trying to solve what is believed to be the oldest cross-word puzzle. It was made by a Cretan about 2,000 years ago, and a copy of it now lies in the archeological museum at Johns Hopkins hospital, Baltimore. This puzzle is called the Phaestus disk. It was found on the island of Crete by an expedition many years ago.

x HARTMAN THEATER
x x x x x x x x

Sam H. Harris will present Irving Berlin's third annual Music Box Revue at the Hartman theater, Columbus, Monday night, March 23, for a week's engagement with Wednesday and Saturday matinees. The Music Box Revue has proved its worth these three years and is an established institution and a marked favorite with theater goers. All last year the new revue was presented to crowded houses at the Music Box theater in New York and, of course, the elaborate production with its intricate under stage and over-stage effects and its exquisitely beautiful scenery and costumes, will be shown here just as it was in New York. Beautiful as it is to the eye, it is also true that in the way of fun music and girls nothing in theatrical presentation compares with the Music Box Revue. In New York the third annual revue with the music and lyrics by Irving Berlin and staged by Hassard Short was considered far and away the best of the three, and the cast the finest ever assembled in a revue. Here are some of the principals in the company of one hundred: Florence Moore, John Steel, Joseph Santley, Ivy Sawyer, Johnny Burle, Solly Ward, Florence O'Donnishawn, Hugh Cameron, Phil Baker, Ruth Thomas, Nelson Snow, Charles Columbus Dorothy Dilley and three Wainwright sisters, Dena, Vista, Eric Titus and Helen Rich. There will be a special augmented orchestra for the local engagement of the Music Box Revue. Mail orders now.

FRESH OYSTERS

"What is her home like?"

It's a question women ask of each other at the club, at the theater, at the luncheon.

"Oh, so---so," with the faintest shrug of the shoulders.

Or perhaps, "Why, nice enough,"---with just a little hesitation, "er---nothing unusual, though."

But, sometimes, the reply is: "Simply beautiful. Not elaborate, but such good taste."

How much it means socially, a beautiful home.

How much it counts, that impression the guests carries away.

What a world of difference between the ordinary, and the home with a tone of distinction.

WE ARE HERE

to assist you to give your home that "tone of distinction".

The time is passed when the measure of the value of a memorial is quantity. I hope the time has come when that measure is quality. I care not whether the material be marble or granite, its future will be measured by the character of the design. It is quality that has preserved for us the finest examples in painting and sculpture. It is quality that will stamp our imprint upon cemeteries of the future. Simplicity, correct lines and proportions and proper ornamentation are the real fundamentals. A design that is right, material that is lasting, and perfect workmanship, spells success for the future of this industry and the beautification of the cemetery. Will you let me help you select the memorial for your lot. Call at show room. NO AGENTS.

U. B. NOTES.

The meetings going on at the United Brethren church are growing better and better. There is great interest and a fine spiritual atmosphere. Every evening beginning at 7:30 there is a song service led by Rev. Harry Welch. This has been made a special feature of the meeting and everyone seems to be enjoying it as also the solo Mr. Welch sings each night before the sermon. The gospel message are deep, fervent and satisfying; "Jesus of Nazareth is Passing by." This is the harvest time, come out and bring your neighbors and friends. Come and do your part to make the meetings a success.

DAIRY COWS FRESHENED IN FALL THE BEST

Medina County Farm Records
Show 6% Advantage In
Uniform Production.

By having enough of their dairy cows freshened in the fall to produce an even flow of milk thruout the year a group of farmers in Medina county last year reaped a six per cent advantage over farmers following the usual practice of spring freshening, rural economists at the Ohio State university now report.

"The practice of spring freshening is a habit with dairymen" explains F. L. Morrison, one of the economists, "and it invariably causes a slump in the milk market during the spring and early summer.

"Some progressive dairymen in the state are proving to their own satisfaction that fall freshening is profitable. It not only produces more milk when prices are highest but a large volume comes during the winter months when there is more time to do the milking, these farmers say.

"A study of the cost records of a group of dairymen in Medina county in 1924 shows that the farmers who managed an even flow of milk thruout the year received an average net price of \$2.48 a hundred for milk testing 3.5 per cent butterfat.

"Another group that marketed an average of 9750 pounds of milk a month during April, May and June and an average of only 4205 pounds a month during November, December and January averaged \$2.34 a hundred for the same grade of milk, or 14 cents a hundred less than the first group.

"It cost the same to feed each group of cows but since fall freshening resulted in a higher yearly production, the feed cost for every 100 pounds of milk was 17 cents less on the cows with the even production."

MAMMA GOES WHERE SON AND DAUGHTER GOES

Minors Under 18 Cannot Attend Public Dances Without Guardians.

Children under 18 years of age in Ohio will not be allowed to attend a public dance unless accompanied by their parents or guardian, the eighty-sixth general assembly decided Thursday afternoon when the senate concurred in an amendment to that effect which originated in the house.

The original bill, by Senator Aigler of Huron county, provides that owners of public dance halls outside of municipalities must obtain permits from the probate judge. This was passed in order to place these dance halls, which there are thousands in the state, under some jurisdiction, as similar places in cities and towns.

The amendment relating to children was introduced by Mrs. Van Wise, representative from Hamilton county. The bill now goes to the governor.

ENGINEERS ATTACK OHIO'S "MUD TAX"

Twenty Page Bulletin On
Grading Roads Issued by
Ohio State University.

Ohio's "mud" tax is the object of attack in a 20 page bulletin recently off the press at the Ohio State university under the title, "The Grading of Earth Roads."

Today Ohio has about 46,000 miles of earth roads, says L. A. Boulay, state director of highways, in a foreword to the bulletin, but much of this mileage is impassable in winter and spring.

"Drainage and systematic dragging of earth roads on the patrol system should be given serious attention by township trustees," Mr. Boulay maintains, "for with the limited finances available for township work, this is the only way to open routes and keep the people from isolation at times.

"A chain is only as strong as its weakest link and a road is only as good as its worst spot. Mud holes that retain water and moisture long after the rest of the road is dry should not be permitted to exist. Drainage alone will provide the answer in nearly every instance. The 'mud' tax is the largest tax that is paid today, because it is a hidden tax and can hardly be estimated in dollars."

Some 18 months of experimental work on grading Ohio roads convinced agricultural engineers at the Ohio State university that an earth road can be maintained in serviceable condition at small cost. Aided by illustrations the engineers, Virgil Overholt and Clyde H. Hooley, in this bulletin give detailed instructions for grading and maintaining an earth road.

The bulletin is free to Ohioans on written request to the state agricultural college at Columbus.

Cincinnati, March 26 — Franklin Smith, Lebanon, was to be arraigned today for blackmailing Frank Everette Huron, Ohio. A secret indictment charged Smith demanded \$1,000 signing himself "The Flaming Circle." Smith said he wrote the letter while he was drunk.

Youngstown, March 27—"She got my goat talking so much," said Lorenzo Rowland to the police who arrested him for plunging a knife into his wife's back. She is near death and her husband is in jail.

Columbus, March 26—Calvin Wright drew a 30 day jail sentence in federal court today for sending valentines thru the mails. They were penny affairs in vivid colors and Wright would not have got in trouble over them had he not penciled in some profanity.

Wright sent the valentines to a friend in Cardis, Ohio, and the friend had him arrested.

Akron, March 27—The Ku Klux Klan claimed a victory in the city election here today. The Klan supported ordinance prohibiting dancing on Sunday carried by 2,616 votes. For the third time the voters rejected a \$3,500,000 sewer bond issue.

Columbus March 27—Charles Thomas 24, negro died early today in the electric chair at the Ohio penitentiary for the murder last spring of Patrolman Troy C. Stewart. Stewart was killed in a gun battle when he attempted to arrest Thomas who was mixed up in a brawl in the "black belt" here.

THE NEW SOUTH

About six years ago the commission on inter-racial co-operation was formed in the South, its logical starting point. It consisted of an equal number of leaders from the white race and the negroes. It has given consideration to grievances or injustices springing out of inter-racial relations.

Recent reports indicate that this form of co-operation is spreading in the South. Joint committees of the two races have been set up in some 800 Southern counties, covering several states. It is believed that they had an important influence in bringing about a notable reduction in lynchings the past year.

This is but one of several indications that a new South in developing. When the citizens of Enterprise, Ala., not long ago erected a monument to the boll-weevil because it had forced diversified agriculture upon them they gave token of the same fact.

For many years after the Civil war the South made such slow progress that it seemed to be standing still. Of late, at any rate, it has not stood still, but has made steady gains in economic stability, in civic spirit and in education.

In 1923, for example, the value of its farm products reached the impressive total of \$6,250,000,000. Its tobacco crop in 1910 was worth \$80,000,000, but by 1923 it had risen to \$241,000,000.

There are 15 agricultural colleges in the South and her universities are prospering and are being liberally endowed. Observers claim that no section of the country has developed so rapidly the last 20 years as the South. In economic resources it is astoundingly rich, while industrially and educationally it is being reborn.

One of the best features of this movement is the manifestation of a new spirit growing up between the races there. Methods of forbearance and kindness between the races in the South are of community application, and they now give promise of carrying it farther in the line of progress than outside interference could. ALL SOUTH CENTRAL BASKET BALL TEAM

First Choice Includes "Dorty" Courtright, this City, Other Good Players Named.

First Team

R. F. Sitterle, (C)—Greenfield.
L. F. Brownell—Washington.
C. Hertenstein—Chillicothe.
R. G. Courtright—Circleville.
L. G. Peale—Wilmington.

Second Team

R. F. White—Chillicothe.
L. F. Parks—Circleville.
C. Glaze—Greenfield.
R. G. Mowbray (C.)—Frankfort.
L. G. Redkey—Hillsboro.

The basket ball season just closed brought an end to a season replete with thrills in which the basket ball played was a decided improvement over former years. Each team probably with the exception of Wilmington, being stronger than last year.

The writer, who has seen each conference team play one or more conference games this year, has not only had a chance to study the players in action, but has also discussed at length the merits of all players with officials and coaches, and believes that the teams selected are the strongest that it would be possible to band together, granting there is but little difference in the ability of the two teams selected.

In the first team is gathered together what would probably be the best scoring combination which could possibly be selected. Sitterle, of Greenfield, led his team-mates in scoring as did Brownell, of Washington. Peale, of Wilmington and Hertenstein, of Chillicothe, were also well up in the scoring. Courtright, of Circleville, is a good shot, but above all an excellent director of passes and in getting the ball off the bankboard.

Forwards

Sitterle, of Greenfield, is given the first call as a forward. Although held scoreless in his last game he was undoubtedly the best basket shot in the league. He was trained for team play and although a crack shot and able to cage the ball from most any angle he passed to another player, if the latter had a better opening. He is also made captain of the first team.

Brownell was the main cog in the Washington machine, having an uncanny eye for the basket.

Parks, of Circleville, and White, of Chillicothe, would make an excellent pair of forwards, both are fast, good floor men but not quite as accurate in shooting as the first two.

Center

Hertenstein, of Chillicothe, was at his best this year. This lanky boy is over six feet tall and weighs 160 pounds. He is not only a good shot but also a good defensive player. He was able to control the tip-off on most occasions. Only a shade behind him is Glaze, Greenfield's husky center.

Guards

Courtright was the best guard of the season, and a whole defense himself. Whatever it takes to make a good guard, Courtright possesses. He is quick, speedy and energetic; these combined with his stamina and floor work made him feared by all his opponents throughout the entire season.

Peale, of Wilmington, is an ideal running mate. His third and final year being his best. Big, yet fast, he was not only a great scoring machine, but a wonderful defensive man.

Mowbray, of Frankfort, and Redkey, of Hillsboro, were also good guards and are placed on the second team.

Other good men in the league were: Forwards—Learch, McLain,

Trefz, Dearth and Smith. Centers—Reynolds, Goldsberry and Abernethy. Guards—Smith, Clark, Davis, Dennis and Porter.

AMUSEMENTS

Tomorrow's Love, a Paramount domestic comedy drama starring Agnes Ayres is the feature at the Met theater. The picture is an adaptation by Howard Higgin of Charles Brackett's Saturday Evening Post story, "Interlocutory," Paul Bern directed and Pat O'Malley and Raymond Hatton, head the supporting cast.

Here's a picture that offers still another angle of the seemingly evernew "first year" theme—a production that holds up trial divorce for your inspection, with the novelty of an eighty year old grandmother Ruby Lafayette, essaying the role of peacemaker.

"Tomorrow's Love" is a merry marriage mix-up of a young wife who divorces her husband and then decides she can't live without him, and a "perfect" husband.

Right off the bat complications start when hubby meets an old "flame" at the hotel where he and the Mrs. go to spend their honeymoon. This is but one of a series of events that follow to keep the husband from proving him self an ideal life mate.

Finally reference to the "other woman" is made once too often and the wife hies herself off to the divorce courts and secures an interlocutory decree to become final at the end of a year.

A trip to the Orient, certain episodes on shipboard, etc., convince the girl that dear old Robert isn't so bad after all. So back she comes.

In the meantime, friend husband has fallen for the forced sympathy of the other woman. He is about to marry her when his wife arrives. Everything is straightened out just as the clock tolls out the "first year." A new year is open before the couple and we leave them in the belief that they make the most of it.

Folks, even if you've never laughed before in your life, you'll laugh at this one. Played by the clever comedy pair who made "Worldly Goods" (Miss Ayres and O'Malley), the Ziegfeld Follies beauty (Jane Winton) and the screen's finest character comedian (Raymond Hatton) "Tomorrow's Love" is real entertainment.

"Lies of the Field" Corinne Griffith and Conway Tearle. Boys, this is some picture. Pa'd a good figure, considering the age of it, but business was very good and the compliments on the picture made a fellow feel good. Nothing out of the way, or rather it's handled so cleverly that no one could say anything against it, despite a delicate subject—George J. Ritter, Regent theater, Bogota, New Jersey.

CHESAPEAKE & OHIO R. R.

Purchased Land From Dr. H. R. Clarke For Right-of-Way.

Dr. H. R. Clarke gave the Chesapeake & Ohio R. R. Co., a deed over the extreme southwestern portion of his truck patch in West Mound street Tuesday.

The Company will cross from the old Ohio and Erie canal several hundred feet this side of the aqueduct site and will pass through the diamond of the Ohio Utilities base ball grounds, on a fill and will construct an overhead crossing at this end of the river bridge over Mound and Main streets.

It will make a fill through the H. M. Crites land with a culvert to accommodate Hargus creek, and will thence follow the high ground through the H. B. Moore farm up as far as the Nothstine farm in Circleville township from which point it will strike the west side of the N. & W. R. R. right-of-way several miles this side of Ritt's Crossing.

Weight of Eggs

The Department of Agriculture says that there is no government standard for the weight of an egg, as the weight varies considerably. However, eggs that are of a good average size usually weigh 24 ounces a dozen. Smaller eggs weigh as low as 18 ounces a dozen, and some exceptionally selected size eggs weigh 32 ounces a dozen.

CITES NEW PERIL TO PUBLIC HEALTH

General Stores Will Be Forbidden To
Advertise Themselves As Drug
Stores If Bill Introduced
Becomes a Law.

Columbus, March 25.—General stores, which are now forbidden by law to advertise themselves by signs on the premises as drug stores, will be forbidden also to advertise themselves as drug stores in other ways, if a bill introduced in the General Assembly by Hon. Harry G. Schmuelling, of Cincinnati, becomes a law. The bill has been reported favorably by the health committee of the House and will come up for action this week. The measure has the support of the better (?) business commissions, physicians and others.

Representative Schmuelling today pointed out a new danger to the public health. Many stores, he said, which are not permitted to advertise themselves as drug stores on the

premises but are doing so in other ways, are accepting prescriptions. These prescriptions are telephoned to "wild cat" drug stores where they are compounded. Rep. Schmuelling declared that one who is not competent to compound prescriptions certainly is not competent to telephone it. We have also received reports in which persons have been induced to accept substitutes for physicians' prescriptions and have been improperly advised as to the use of such medicine."

Mr. Schmuelling said today that his bill would not take away from any merchant the privilege they now have in advertising and selling package medicines and drugs. It would however, he said, prevent such merchants from advertising themselves as drug stores just as they are now forbidden to designate themselves as drug stores by signs on the premises."

Effect of Light

Why silver tarnishes in the light and not when kept in a drawer, is that light has actinic, or chemical, properties. Another illustration of actinic light is to be found in a photographic plate or film. In darkness it does not change, but as soon as light reaches it, it becomes discolored.

PEN POPULATION 3213

Increase From Nov. 18 To March 18
Was At The Rate of One
Each Day.

Columbus, March 24.—The population of the Ohio penitentiary from November 18 to March 18 has increased at the rate of one prisoner a day, the population figure being 3087 on Nov. 18, and 3213 on March 18.

Of the total there were 2304 actually within the prison itself. At the London prison farm 187 were being cared for, while 194 were employed at the Junction City brick plant, another 99 working at the state stone quarries, and 129 others employed outside the walls.

FLINT ROCKHOLD.

Mrs. Elgar Barrere received a phone message Wednesday evening apprising her of the sudden death from heart disease of her brother, Flint Rockhold; deceased, who was in his 73rd year, had gone to his residence shortly before 4 o'clock and laid down, a short time thereafter his family found him dead.

He is survived by his wife and four children, Misses Elizabeth, Martha and Sarah Rockhold and one son, Joseph. Of his immediate family he is survived by a brother and four sisters, Dick Rockhold, Mrs. E. R. Foreaker, New York City; Mrs. Josephine Kibler and Miss Laura Rockhold, of Hillsboro, and Mattie, wife of Elgar Barrere, of this city.

Mr. and Mrs. Barrere will go to Hillsboro, to attend the funeral Saturday.

Dawn by the Sea

The glory of the new day came soundlessly. Peace was in the blue heaven, on the blue-green sea, on the green land. There was no wind, even when the currents of the deep moved in shadowy purple. The sea itself was silent, making no more than a sighing slumber-breath round the white sands of the isle, or a hushed whisper where the tide lifted the long weed that clung to the rocks.—Fiona Macleod.

FULLERTON

Selects Yanks and Giants To "Cop" Flags This Year.

New York to win in each of the two major leagues is Hugh Fullerton's forecast for the 1925 race, according to his prediction concerning the coming season in this week's Liberty. "Doping," according to Fullerton, is unusually difficult, owing to the relatively large number of recruits this year.

"I never have seen an American League race in which the strength of the eight clubs was so unevenly distributed," says Fullerton. "Every team in the two major leagues has one or more positions needing strengthening. Several of the older clubs are losing in power. Untried youngsters will occupy regular positions on several clubs. The discovery of one efficient pitcher, a run of hard luck, might turn the race upside down. The National League appears to have four much strengthened clubs and four mediocre teams. "Placing Washington fifth in the American League may surprise some but the Senators belong there on 'dope' strength. The Athletics, with their newly acquired pitching strength, now lead the World's Champions. Washington 'doped' fourth last year, played way over their heads and had the breaks. They cannot be figured to repeat, and Detroit really has the best chance to beat the Yankees.

"The 'dope' strength of the teams before the season, from stronger to weaker, are: American—New York, Detroit, St. Louis, Philadelphia, Washington, Chicago, Cleveland, Boston. National—New York, Pittsburgh, Chicago, Brooklyn, Cincinnati, St. Louis, Boston, Philadelphia. "Paste this in your hat and write to me on October 10, when the season ends."

GOVERNOR'S HIGHWAY POLICIES

To be Curbed—His Authority is Question by the Legislature.

Columbus March 27 (UP.)—Governor Donahey will veto any legislative attempts to curb his powers.

This decision was made known today at the executive office relative to the partial reorganization of the administrative department proposed by the legislature thru amendments to the appropriations bill.

Two threats to tie the governor's hands were seen in riders inserted by the senate finance committee and which probably will pass during the last hours of the session.

One would take from Donahey his power to control indirectly some of the highway department policies thru his finance director who may hold up contracts for road construction by refusing to endorse them.

The senate finance committee would give this finance powers to the board of control consisting of Donahey, Attorney General Crabbe, State Auditor Tracy and chairman of the legislative finance committees. At present the governor is the only Democrat among the five.

Another amendment would put the funds of the agriculture department under control of the director's advisory council, a semiofficial body.

W. D. SHEPPARD FOSTER FATHER W. D. MCCLINTOCK

Was Denied Release From Cook County Jail Held on Charge of Murder.

Chicago, March 25.—Release from jail on bail today was denied William D. Shepherd, charged with the murder by typhoid of William N. McClintock, his foster son, to gain the boy's \$1,000,000 estate.

"The most I can hold out for this defendant," said Chief Justice Jacob Hopkins of the criminal court, in rendering the decision, "is speedy trial if he wishes it." The judge said he was ruling only on the question of fact as to whether proof of guilt was evident or presumption great.

"If Faiman's testimony is true," said Judge Hopkins, referring to the statements of C. C. Faiman, also under indictment in connection with the death of Billy McClintock, "the defendant and Faiman entered into a conspiracy diabolically conceived and cruelly executed."

"If Faiman's testimony is untrue," he continued, "the defendant is the victim of a murderous injustice, enmeshed in a net of coincidences and circumstances that are unprecedented and painful to contemplate."

Judge Hopkins conceded that Faiman's credibility was material, but indicated that he believed that was for the jury to decide.

"This is a motion," the judge began, "to fix bail in a murder case. The grand jury has returned an indictment charging this defendant and one other person with murder. According to his rights under the law, he has been permitted to offer evidence why he should be granted bail."

"This is either a murder case or it is nothing. By no process could it degenerate into a manslaughter case. It would be the duty of the trial court to set aside a verdict of manslaughter as not in consonance with the evidence as the evidence now shows itself to be."

"The constitution provides that bail shall be granted to all defendants except in capital cases where proof is evident or presumption great. The question before the court is a question of fact. The only thing for this court to decide is whether proof is evident or presumption great."

I agree with counsel for the state that guilt is to be presumed from the mere return of an indictment by a grand jury. That is a redoubtable presumption. In order to dispute it it is necessary to present evidence in contradiction.

"The counsel for the defendant has seen fit to attack only those witnesses that testified before the grand jury."

The judge then repeated the testimony of Faiman that he had, at Shepherd's request, instructed him in methods of inoculating the human body with germs, that Billy was mentioned in their conferences and that Shepherd reported to Faiman the progress of Billy's illness.

Hollywood, Calif., March 25.—Author! Author! Who's the author? In the movie game it's sorta like the good old game of "Who's got the button?" I'll bite. Whoisst? It really would take a good crossword puzzle expert to accurately determine who is the author of most movies. Many famous writers of fiction and plays have had their names built to great commercial success in the movies or hurled into commercial ash can by the "movie treatments" of their stories delivered on the screen.

Several oak trees in England lay claim to being the oldest living specimens. It is known quite surely, however, that the Keston oak in Kent and the huge Newlands in Gloucestershire are each over one thousand years old.
